Rosemary District Is Filling Up Rapidly

The advance guard of the expect-
ed army of new settlers from the
east arrived in town on Monday.

The men were mainly of French-
Canadian origin, and come from
Holyrook, Mass., where there are
many communities of French-
Canadians. Most of them are
practical farmers, while a few are
retired business men who have been
attracted to this country by the
wonderful prospects of the ir-
rigation district.

Presently were in the first batch
and there are three times that
number on their way here.

The Rosemary district is rather
the district between Rosemary and
Countess. To the proposed location
the men and it will be nearly the
matter of a few months before that
district is one of the most thickly
settled of the district.

Another School for Majorville.

Notice is hereby given, in accordance
with the provisions of this School Ordinance in that behalf,
that, by order of the Minister
of Education, the following land,
namely: Section 31, and the north
half of Section 30 in Township 19
Range 19; Sections 35, 36, the
north halves of Sections 25, 26, the
north-east quarter of Section 27 and
the east half of Section 34 in Township
19 Range 20; Sections 1, 2, 3,
10, 11, 12, 13, 14, 15, the east
halves of Sections 4, 9 and 16 in
Township 20 Range 20; and Section
6, 7 and 8 in Township 20 Range
19 west of the 5th Meridian,
have been erected into a School
District under the name of

The Fawn Hill School District No.
3780 of the Province of Alberta.

Countess Catholics Erect Large Church in Quick Time

The Countess farmers are proud
of their new church which has been
erected in the remarkably short
time of six days.

The lumber arrived on the mixed
train last Wednesday and by Wed-
nesday of this week the building
was completed.

This is a striking tribute to the
power of religious enthusiasm
possessed by the members of the
Catholic faith, for all the work has
been cheerfully given by the
residents of the district, and the
purchase of materials was mainly
done by the generosity of Bishop
McNally of Calgary.

The dimensions of the church
are 30x30x15 and it will be readily
seen that the undertaking was no
light task in itself, but the love and
enthusiasm which was put into it
made possible the rapid and success-
ful completion of the job.

Mr. and Mrs. Yon were sufferers
from the light form of influenza
which has been so prevalent of late,
but we are glad to learn they are
both fully recovered from their
ailments.

In the near future Countess may
expect to have its own school and
also the long waited post office.
Both are necessary and will be
equally welcome.

3780 of the Province of Alberta.

Lloyd George Faces Critical Situation

Paris. — La Homme Libre, director of the appeal of President Wilson, Francis, and General Francisco Orlandi to Prime Minister Lloyd George, that he remain in Paris until the chief questions connected with peace should be settled, emphasizes that the critical moment in which the British are involved from labor troubles which the British premier is facing, is sufficient to explain his impatience to return to London. The newspaper adds that Lloyd George is confronted in a greater difficulty than any other government head with the task of establishing peace and saving the interests of the working classes.

"On the morrow of the great European conflict and the eve of a new era with its new problems, a national unity," La Homme Libre says, "Great Britain is in the throes of internal dissensions. Mr. Lloyd George is as anxious to conclude peace rapidly as he is to prevent the revolution among the workers of Great Britain. Both of these aims are inseparably linked."

Would Like Blockade Raised

Is of No Value to British Government

London. — In the house of commons Sir Frederick Barnaby, privy councillor, warned the government that a continuance of the present financial methods meant, eventually, national bankruptcy. Other speakers called for a blockade, but experts permitted the United States to sit and capture British trade abroad.

J. Aspinwall Chamberlain, chancellor of the exchequer, responding to criticism, said that the government was trying to do all that was possible as was safe. The export of contraband goods was free to every part of the world, except the blockade countries, he declared, and in this case restrictions were maintained for reasons of international policy.

The house, he believed, would hardly assume responsibility for acting in opposition to Great Britain's allies.

Mr. Chamberlain said he was ad-

vised that it was not a fact that

British goods were not admitted.

What the United States had done was to book orders and give long credits for goods to be delivered when the blockade was raised. It was open to British manufacturers to do the same.

The sooner the blockade could be

raised, he said, the better the govern-

ment would be pleased, and it

would gratify the government if Ger-

many could draw some of its supply

through neutral countries.

Visitors to Germany Request Permit

Berlin. — Because of the great number of foreign diplomatic missions which have visited Germany since November, the German cabinet has decided, according to the *Kreuz Zeitung*, that no persons from an allied country will henceforth be permitted to travel in Germany without special permission from the armistice commission.

More Room for Britain

National Finance Committee, legislative council, is considering an income tax bill which would impose a tax on all insurance and shipping companies doing business with Jamaica. As a result of the withdrawal of emigrants from Canada, the amount of money being made to ship \$2,000,000 worth of rum to the United Kingdom.

Ships Sail for Food

London. — Eight German steamers, including the Kaiserin Augusta Victoria, Cleveland, Lubeck, and the *Prinz Eitel Friedrich*, sailed from Hamburg for food-stuffs, according to advice from Berlin. It is said that the crews of the ships made a formal demand that they should not be removed from the vessels during the trip.

Prefer to Become Outlaws

Hon. President Says Unjust Peace Cannot Be Signed

Berlin. — "Germany is prepared to sign peace but is not prepared to wage war," the Faschist figure of Fritz Eber, president of the new German republic, straightened in the chair and with a sonorous voice he continued: "If the peace terms suicide they will not be signed. Instead, than political and economical death, Germany will prefer to wage war and economical madness."

The entente offers us instead of a peace based on Mr. Wilson's fourteen points only a knife with which to commit suicide. Germany goes Bolshevik, Germany, the Russian soviet republic, is the only one which has permitted the United States to sit and capture British trade abroad.

Appeals Against Sentence

Paris. — An appeal has been entered against the death sentence passed on Emile Cottin, the assailant of Premier Clemenceau.

Such an invitation was extended formally by Assistant Secretary Roosevelt when he was in England just before the signing of the armistice.

Polish Situation Pitiful

Lemberg Defended by Women, Children and Boy Scouts

Chicago. — In a letter received by John D. B. Johnson, president of the International Polish department, Madame Paderewski, wife of the pianist and premier of Poland, described conditions in Poland as "pitiful," and said the Polish army was hungry and without clothing in the weather, and lacked arms. The letter was dated January 28.

The city of Lemberg was without light, water, food, arms or ammunition, but was continually exposed. "We are defended by women, children and boy scouts," she added, and declared, "our enemies commit the most horrible atrocities."

"Some of the women take prisoners who were impaled on pickets," she said, "and then they are beaten and then removed and hurried in a heap and left to die slowly. Boys are taken and tied together, three or four at a time, with barbed wire around their necks."

Continuing, the premier's wife asserted the Bolsheviks were burning, beheading or freezing Poles to death along the border; in Cieszyn the Czechs were killing and hanging, and the German army is advancing on us. We are in a trap, we must hold my heart to my two hands for fear it will burst with pain," the letter concluded.

India British Fleet

Washington. — Navy department officials state that Secretary Daniels during his trip abroad probably would invite the British fleet to New York for a visit during the coming summer.

The invitation was extended formally by Assistant Secretary Roosevelt when he was in England just before the signing of the armistice.

German Parties Disagree

Independent Mass Demand for Restoration of Government Rule

Berlin. — That the majority and independent socialist parties are irreconcilably split, is the common expression in political circles resulting from a speech by Wolfgang Heine, the Prussian minister, recently to the demand of the independents for a repeal of martial law in Berlin.

Following closely upon Minister of Defense Neude's castigation of the independents at Weimar, Herr Heine and one of the majority leaders, presented a scathing indictment of the faction of Hugo Haase, the independent leader, in which he accused the members of the party of exacting between the independent and the Spartacists from the first day of the revolution.

Herr Heine told the independents that they were most concerned about the welfare of Germany and said that it was not the Russian steam, that brought about Germany's defeat, but Bolshevik infection and corruption paid off in Russia.

Herr Heine also held the independents responsible for the Spartacist activities of the fugitive police head, Elchhorn, and for the lawlessness of George Ledebour, marines, and charged that they precipitated the recent general strike without the slightest justification.

U.S. Senate Asked to Resign

Washington. — Senator Reed, United States senator from Missouri, was called upon to resign his seat in the senate in resolution adopted here by a conference of fifty of the sixteen democratic members.

The action was taken, conference leaders announced, as a result of Senator Reed's address to the legislature in which he attacked the proposed league of nations.

Japanese Would Assert Their Rights

Offered Baltic Crown

Washington. — Arrival of a

British squadron at Libau with

a British commission having

relations with the Lithuanian

government was announced

in British press bureaus.

Prince Adolf Friedrich of Mecklenburg,

is reported to have been offered

the Baltic royal crown.

The standpoint of the Japanese is

that all citizens of nations deemed

sufficiently advanced to become mem-

bers of the league should have equal

rights when travelling and living in

foreign countries, it is said.

The Dominion delegates heartily

concur in the view of the British dele-

gate that the question of the equal

treatment of all nations

is not

matter for the league of nations.

A prominent Australian expressed

the opinion that the commonwealth was

not prejudiced against the Japanese,

but had a great admiration for them,

and that it would be better for the

future of the world if each race should

develop along its own distinctive lines.

The chief consideration was the

industries of Australia.

Field Marshal von

Hindenburg has prepared and

published a defence of the ex-ruler's

action.

After detailing the situation as

it existed in November, caused by the

weakening of the army, the doubtful

reliability of the forces in the field,

and the breaking out of the revolution

at home, the Field Marshal writes:

"The peaceful return home of

the ex-ruler has been demanded.

It would only have been carried out

through the forced employment of

loyal troops and civil war would

have been added to the hostilities

in the empire could have hastened

himself to the fighting troops in order

to meet them at their head in a last

attack on the enemy, but the

army, so keenly desired by the

people, which they have been

espoused and the loss of many

divers uslessly sacrificed.

The emperor finally, in agreement with his advisors, and after a severe mental struggle, decided to leave the country, solely the hope that he could thereby, save his life, and his family, save Germany from further distress and misery, and restore peace and order to Germany."

Mounting Police at Swift Current

Swift Current, Sask. — Swift Current is to be headquarters for a division

of the reorganized Royal North

West Mounted Police force.

The local force will be charged

with Sergeant Sturman, officer

and favorably known in this section,

where he had served with the Mounties for several years previous to going overseas. Sergeant Sturman, at present, is in charge of the immigration station having just arrived from France. The strength of the force to be stationed here has not yet been given out.

British Will Construct Giant Airplane

London. — Following successful

trials of new British dirigibles of the rigid type of construction the govern-

ment, according to the *Mail*, has

ordered building of two enormous

airships. Each will have a 1000

feet length and a total capacity of

100,000 cubic feet.

They will be driven by six engines

which will generate

a total of 1,800 horse power, and it

is said, will have a lifting power of

80 tons, compared with 29 tons, the

largest load carried by any known

airship to be in existence.

World Plans to Prevent Future Wars

New York. — Because "there is

some cause of making war impossible

through a league of nations, but

no hope of doing it in any other way,"

Major General Sir Frederick Maurice,

former director of military operations

of the British general staff, declared

that he favored the formation of a

league of nations.

He added his opinion that "a great ma-

jority" of the British people were en-

thusiastic for the league plan.

Another in favor of a step

of several months, General Maurice

had told interviewers "that for the first

time in history, the British people had

been at war and they don't like it."

Previous conflicts involving the em-

pire, he said, had been fought "with

small armies," but this time the whole

nation had been engaged. For every

American mother who had lost a boy,

he added, 15 British and 20 French

mothers were in mourning for the

dead. — A Japanese memorandum to the covenant of the league of nations, providing that the contracting parties shall agree to grant "equal and just treatment" to all aliens within their borders who are nationals of states that are members of the league, will be submitted to the supreme council, it is learned by *Reuter's* from *Japan* sources.

The standpoint of the Japanese is that all citizens of nations deemed sufficiently advanced to become members of the league should have equal rights when travelling and living in foreign countries, it is said.

The Dominion delegates heartily concur in the view of the British delegation that the question of the equal treatment of all nations is not matter for the league of nations. A prominent Australian expressed the opinion that the commonwealth was not prejudiced against the Japanese, but had a great admiration for them, and that it would be better for the future of the world if each race should develop along its own distinctive lines.

The chief consideration was the industrialism of Australia, which is the highest in the world, with an Australian population of over 15,000,000. Australia's chief attraction was its high wages and pleasant industrial conditions. The Asiatic worker, as known to Australia, is a cheap laborer, therefore, if they opened the doors to Asiatic immigration, they automatically closed it to Europeans.

A Canadian delegate stated the question of immigration must be set up individually by each country. Canada, which had been the first to open its doors to Japanese immigration, has a Japanese population of over 30,000. The immigration was limited and only a few hundred were admitted yearly.

Famous Battalion Disbanded

Men of Princess Patricia's Have Received Discharge

Ottawa. — The famous Princess Patricia's Canadian light infantry, Canadian expeditionary force, is no longer in existence.

Disbanded, the last man being discharged, the unit disbanded, it is considered the disbanding constitutes a record for speed.

Formerly a tough bunch as Lieut. Col. A. Hamilton Gault, organizer of the unit, had the men face,

Many of the men have left for their homes, those who remained with first class sleeper accommodation and tickets, in addition to generous allowance for meals en route. Toronto and western men were among those who have left.

Population of Reims, which was 117,776 before the war, is now 8,453, according to a census just completed by the government. Of this number 3,987 are men, 3,253 women and 1,813 children. Five hundred children attend school in the ruined city.

Albany in Paris

Paris. — Gen. F. H. Allenby, commander of the British forces in Palestine, has arrived here from Egypt to advise the supreme council on near eastern questions.

Force Along Rhine Must Be Retained

London. — During debate in the house of commons on the military service bill, Winston Churchill, the leader of the opposition, in opposing the amendments to limit the operation of the bill to December 31, 1919, instead of April 30, 1920, emphasized the fact that the British regular army had virtually disappeared.

It was necessary, he said, to keep men whom the bill retained to guard the colors for overseas garrisons.

Mr. Churchill said he had "every hope, however, that the British regular establishment would be permanent by the year 1920, should the bill stand."

He concluded by saying that he had "every reason to expect the necessity for compulsion would have passed away by that date."

The proposed amendment was defeated.

Officials Incompetent

Soldiers at Rhyll Camp Not Blamed

Halifax. — Lieut.-Col. Pratt, O.C. of the 133rd battalion and a member of the Ontario legislature for Waterloo County, who returned to Canada on the *Celtic*, in an interview published in *Daily Echo*, attributes the unpopularity of the rest of Canadian soldiers in Rhyll to the incompetence and unpreparedness of the department of militia, which, judging by results at the time the armistice was signed he said, was absolutely without any plan for the repatriation of Canadian soldiers.

"Argyll House is full of incompetence and duty," said Lieut.-Col. Pratt.

London. — The government has prohibited the importation of all spirits into the British West African colonies, except under license, which will not be granted for the next

four years.

Armenia, in a statement after a step

of several months, General Maurice

told interviewers "that for the first

time in history, the British people had

been at war and they don't like it."

Previous conflicts involving the em-

pire, he said, had been fought "with

small armies," but this time the whole

nation had been engaged. For every

American mother who had lost a boy,

he added, 15 British and 20 French

mothers were in mourning for the

dead.

Admitting that "you can't stop any

one from spending money on arm-

ament," he said, "we hope that reduc-

tion of the German army to 100,000 will

"get Germany and other nations out of the

habit of spending money on arm-

ament."

GET AFTER THOSE DOLLARS

Our town should get all of the trade in our trade area. We can't worry about our neighboring town's business. We have enough to do to take care of our own. But we should get all of our own. How about these dealers that are getting away from us? They are slipping through our fingers? They are getting away. We are the losers. Our prices are right. And yet there is a lot of money slipping away from us.

The best way to get after this money is to tell the truth about the man or the system that is taking it away. Join the Trade-at-Home campaign.

Force Along Rhine Must Be Retained

London. — During debate in the house of commons on the military service bill, Winston Churchill, the leader of the opposition, in opposing the amendments to limit the operation of the bill to December 31, 1919, instead of April 30, 1920, emphasized the fact that the British regular army had virtually disappeared.

It was necessary, he said, to keep men whom the bill retained to guard the colors for overseas garrisons.

Mr. Churchill said he had "every hope, however, that the British regular establishment would be permanent by the year 1920, should the bill stand."

He concluded by saying that he had "every reason to expect the necessity for compulsion would have passed away by that date."

The proposed amendment was defeated.

Buy an Irrigated Farm

From the Canadian Pacific Railway.

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but **EVERY YEAR**.

Irrigation makes possible the successful culture of all kinds of crops, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer a dream, but a fact, and it has been tried hard and absolutely demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record.

For full particulars, apply to

Allan Cameron, General Supt. of Lands
Canadian Pacific Railway, Department of Natural Resources
925 First Street East, Calgary, Alberta.

Atlas Lumber Co.

RE ARE

Do you know spring, will soon be here, and, all your work must be done at once.

- WHY -

Not haul those Posts and Repair Lumber and a supply of Coal.

- NOW -

Is the time to figure for your spring and summer building, you have the time, we have the very best plans and ideas. Galt Coal will keep all summer.

The Atlas Lumber Co., Ltd.
C. F. DOOLEY, Local Manager.

The Bassano Mail,
Publishers: The Mail Publishing Co., Ltd.,
Managing Editor: E. G. Ains

Now that the spirit of mutual co-operation seems to have been born in the minds of our farmers and townpeople it might be advisable to consider the possibilities of erecting a small creamery and a cold storage plant at this point.

Situated in the heart of the irrigation district with easy access by rail from north, east and west and within easy distance to the south of one of the most productive dry farming districts in the world, there is little doubt that the scheme is practicable and potentially profitable, if only our farmers would get together on it.

No district in the Province could produce better creamy products than our irrigation districts, nor should any districts be able to produce more, and yet this sure and certain form of revenue has as yet received little or no attention from our farmers.

Likewise has the possibilities of reaping the high prices for eggs and chicken also seemed to escape the united attention of the farmers.

Half the discontent at prevailing conditions could be eliminated by the farmer co-operating to eliminate the profit of the creameries and cold storage plants. Those profits remaining at home would do much to improve home conditions.

It would seem as if the Agricultural Societies meeting on Saturday could very well deal with this question to the best advantage.

New Secretary Chosen.

At a special meeting of the Council held on Monday, Mr. Carnegie, of Wetaskiwin, was elected to succeed G. H. Bond in the office of Secretary-Treasurer of the Association.

Mr. Carnegie, who has held important positions recommended as an exceptionally competent municipal officer, and the Council would seem to be fortunate in selecting him.

Mr. Bond received permission to leave his office by April 15th instead of the end of the month. The request was granted.

A Great Sale.

The first of 700 bulls will be offered at the Calgary Bull Sale on April 7th to 10th will make a visit to the market while to stock in the market for bulls. The breeders of purebred stock in Alberta have been buying the best stock that could be found anywhere in the West, and the result of this has been that the market for bulls has largely increased and is now to be sold in larger numbers each year, with the result that the Calgary sale has become the best place to buy high quality bulls, as well as good strong bulls for the range.

The animals will be judged all day Monday, April 7th; the annual meeting of the Alberta Cattle Breeders Association will be held that evening in the Palliser Hotel, and the sale will take place immediately thereafter. The sale will be held on the 8th and 10th. Special rates of a face and one third for the return trip have been put in force, good going 8th to 9th, returning up to the 12th.

The Association will pay the freight to the purchaser's nearest railway station to Saskatoon, Alberta, or to Galt, Galt, Columbia points at a nominal rate and the animals are loaded on the cars by the Association.

This sale will present the best offering ever made at the hands of the Association. The animals will be of Galt, 205 Herefords, 370 Shorthorns, 123 Aberdeen Angus from the best herds in Alberta. The bulls will be sold in the order given above, those born in 1918 will be sold first, then those born in 1917 and so on.

In connection with the new stamp regulations, it may be mentioned that the Association is putting in a vat at Victoria Park and will arrange to take care of dipping and feeding for the sellers and purchasers on a reasonable basis. The new regulations will cause the issue inconvenience.

Catalogues of entries may be obtained from E. L. Richardson, Secretary Alberta Cattle Breeders' Association, Calgary.

Union Bank Opens
Branches at Pollockville and Sunnynook

Louis Tash was a visitor to town on Wednesday and has recently opened two branches of the Union Bank on the Hanne-Medicine Hat line, one at Sunnynook and the other at Pollockville, the latter of which he will manage.

\$10.00 REWARD

For return of red and white spotted
milky cow, age 3 years, with long horns;
branded C.R. on right rib, and 75 H.
on right shoulder; steers are not
my bunch in Bassano. February 6th.

E. G. SIMMONS,
Rosemary, Alta.

ICE SUPPLY

Taken from canal leading
from the Bow River to Bassano. Dismis-
sed this had not been inspected before
being taken, and was taken out
without the proper permits, cutting
the ice were enjoyed by the different
skaters who use it.

Ice Cream, Soft Drifts. No ice
cream being sold at the present time.
Lauds nipples in fairly clean condition.

Bakeries, One, Doing small business.

Pruesses in good clean condition.

Hospital, One, privately owned, but
conducted on a business basis.

Schools, One public, about 180

spools. Rooms in clean condition,
but I found two water-closets in the girls
section with tank flushes out of repair,
causing floor to be 1 in. deep in
water and planks to warp. Also two
water-closets in the boys section with
water turned off.

No soap was to be
seen on the ablation tanks and the
janitor informed me that if the children
wanted to wash they had to find their
own towels.

Cowhams and Dairy Farms. There

are now more or less manure tying around,
one in particular occupied by Mr.

Geo. Yates, is in a very unsanitary

condition. No channels or cattle pro-

tection, no recent fence, and in some

places the pasture floor is higher than
the stable. Mammals are tying thick
bushes inside and outside the barns.

General. The conditions of inside

premises were generally good, but much

is to be desired of the back lanes and

back premises. In one case, a
little fence on the part of the local board

will bring favourable results.

Matched Team if Required

C. E. DOVEY

Bassano & Majorville

Ranch - Section 24-19-20.

Might Be Better

At the request of the Council we
print below the report of the Provincial
Sanitary Inspector who visited the
town some few weeks ago.

His remarks should be taken to
heart by the citizens generally with
regard to the condition of the back
premises, and lanes, if we are to
keep clear from epidemic and
disease during the coming year.

The School Trustees should take
immediate steps to remedy the bad
conditions which apparently exist
at the school for we are sure that
the ratepayers as a whole now that
the state of affairs is under public
will insist upon the requisite money
being spent to ensure the health of
the pupils. It is false economy to
permit the health of children to be
endangered for one moment, rather
than have the necessary repairs
made which would safeguard it.

With regard to the insalubrity
condition of Yates barn and milkhouse,
we are given to understand that
the owner is no longer selling
milk, and consequently whatever
danger existed from that source has
been eliminated. However the
general condition of the barns and
stables in town would seem to
require the prompt and uncompromising
attention of the Board of Health.

The condition of our hotels is a
matter for congratulation and the
two restaurants also would seem to
come in for commendation.

We would urge all citizens to
take a keener and more intelligent
interest in the matter of safeguarding
the public health and would recommend
that the Board of Health see to it that sufficient
interest is enforced where it is not
taken voluntarily.

Let us start spring with a clean
town, anyhow and perhaps by
eschewing what is considered
unnecessary that we may avoid
the infection of disease which
always lurks in the atmosphere in
the vicinity of decayed vegetable
matter, manure heaps and accumula-
tions of filth which Bassano unfortunately
has a surplus.

Livery Stables. Four of these open
for business. Proprietors: William
Payfayre, Abraham Doros, Mr. Ernest
Schoen, Holloman. All these men have a
quantity of horses, bring along of which I
insure tell the owner to be removed.

Meat Stores. Two. Peet's Meat Co.
and Ernest Mead, Majorville. The former
is in the habit of keeping older
meat in a room adjoining the store
which gave off an unpleasant odor, he
was therefore instructed to place them in
a separate building in the rear.

Hotels. Two. Majorville Hotel, Mr. T.
H. H. Majorville. Hotel, Mr. W. Ferguson.
Both in excellent condition.

Restaurants and Cafes. Two, in fair
clean condition. Meats kept in
refrigerator. Outside back premises
needed a clean up.

Railway Goods. One, doing good business.

Ice Supply. Taken from canal leading

from the Bow River to Bassano. Dismis-
sed this had not been inspected before

being taken, and was taken out
without the proper permits, cutting
the ice were enjoyed by the different
skaters who use it.

Ice Cream, Soft Drifts. No ice

cream being sold at the present time.

Lauds nipples in fairly clean condition.

Bakeries, One, Doing small business.

Pruesses in good clean condition.

Hospital, One, privately owned, but

conducted on a business basis.

Schools, One public, about 180

spools. Rooms in clean condition,
but I found two water-closets in the girls

section with tank flushes out of repair,

causing floor to be 1 in. deep in

water and planks to warp. Also two

water-closets in the boys section with

water turned off.

No soap was to be seen on the ablation tanks and the

janitor informed me that if the children

wanted to wash they had to find their

own towels.

Cowhams and Dairy Farms. There

are now more or less manure tying around,

one in particular occupied by Mr.

Geo. Yates, is in a very unsanitary

condition. No channels or cattle pro-

tection, no recent fence, and in some

places the pasture floor is higher than

the stable. Mammals are tying thick

bushes inside and outside the barns.

General. The conditions of inside

premises were generally good, but much

is to be desired of the back lanes and

back premises. In one case, a
little fence on the part of the local board

will bring favourable results.

J. BUTTERFIELD.

Are You Wise?

When you strain the muscles of your
back or legs, or strain your invaluable
and costly, seed vegetation.

But when you strain the muscles of
your eyes what do you do? You do
nothing, make possibly the direct
pain, arising from eye-strain is not so
acute as that which follows straining
of other muscles. You allow your eye
to strain until it becomes fatigued
and weak that you are handicapped
for the rest of your life.

There are many symptoms of eye
strain and each of these alone
demands the immediate attention
of an eye specialist.

The most common symptoms are
redness and swelling of the eyes, burning
sensation of the eyeballs, eye-rows, blurred
vision, headaches, and sensitiveness to
strong light and inflamed eyelids.
Any one or more of these troubles usually
results in a complete break-down of the
vision system.

People have ever appreciated the full
value of perfect sight until by their
own neglect, they are in danger of losing it.

It is natural to think that you
have a good eye and that you are
not in danger of losing it.

But when you strain the muscles of
your eyes you have experienced an
eye strain symptom.

When the Optometrist is at your
service all the time with the most up-to-
date and scientific instruments known to
the optical profession. He will carefully
examine and test your eyes and give
you the perfect treatment of any
eye trouble.

Count him in any and all of your
eye troubles. He will be able to help
you.

POWER THE OPTOMETRIST,
Bassano, Alberta.

Local and Personal.

Services will be held in the Anglican Church on Sunday next at 11 a.m.

Mrs. J. S. Major and Mrs. Joe Wright were visitors to Calgary last Friday.

Jimmy O'Brien who has been spending the winter at the coast, returned to Bassano on Tuesday.

Mr. Sidney Fry is prepared to do Maternity, Nursing, 10 years experience. Living at Mr. Burdick's Residence, 4th ave.

The many friends of Mrs. Lyster will be glad to learn that she is making excellent progress towards recovery after her severe illness.

There will be Mass at Bassano on Sunday, April 6th, at 9 a.m. and at Constance on the same day at 12 noon, also at Countess on Monday April 7th at 10.30 and Rosary Tuesday April 8th at 10.30.

J. C. Hubbs, who has recently recovered from an operation for appendicitis, returned to Bassano last week.

John Gettig, who has been roaming the continent all the winter, returned on Sunday night like a winter who is nevertheless glad to be back in the home stable.

J. A. Hume, (who, by the way, is a returned veteran) arrived here on Saturday from Lacombe, to succeed Billy Somerville as teller accountant at the Union Bank.

The Catholic Ladies Altar Society will give a Wind Drive on Tuesday April 1st, in the Hunter Hotel Dining Room, by kind permission of T. H. Hunter.

Tom Sutherland celebrated his 25th birthday on Saturday by giving a little jamboree to a select party of oatmeal savages. Scotch Haggis and other things were very prominent on the menu.

Charlie Clark has been appointed to the management of one of the largest farms in Saskatchewan, and left on Thursday for Moose Jaw near which city the farm is located. Half you luck Charlie.

At the Presbyterian Church on Sunday evening, March 30th, in continuance of the present series of sermons, the minister will speak on the subject "Before the High Priests." Everyone cordially invited.

The management of the Bassano Cat sent Billy Fortier down to Oregon on Tuesday when he will soon round for a few "bushers" and incidentally share in a family reunion. Mrs. Fortier accompanied him to see that Billy doesn't pick up any bad habits.

While we congratulate W. Somerville on his promotion to the management of the Cluny branch of the Union Bank, we very much regret to lose such a clean-cut sportsman and an all round good fellow as Billy has always proved himself to be during his stay in Bassano.

While the breakdown at the Electric Light Plant has been most annoying and has caused considerable inconvenience to the majority of townspersons, the efforts which have been made to give an auxiliary service must be appreciated when the conditions are fully understood.

Mr. and Mrs. W. G. Nelson, who left Bassano last December to spend the winter in the States returned on Tuesday. W. G. was stricken with the influenza on December 19th and has been ill ever since. He hopes to regain his strength rapidly now he has got back to a real climate.

What about a little Town Improvement Society this year? If every household were to plant a few trees and the town a few more we might shortly have good reason to be proud of our town's appearance. The trees may be obtained for next to nothing and the work of properly caring for them after they are planted is negligible. Think it over people, it's well worth while.
